Dear Anneli,

It is very important for me that the reason for the change of supervision is NOT stated as Umut's son's illness, because it is not true. So with all due respect, I do not accept such wording in my official letter. I have filed an official complaint against Umut and whatever the result might be, I cannot and will not work with someone who harassed me. I think the existing wording was already a formal and objective way to put it, without causing harm to the institution or Umut.

So please do let me know about the process please. This is very important for me and I take it extremely seriously.

Thank you very much.
With Regards,
Pinar.

Hej,

Yes, the documents are signed, but not uploaded – I have emailed Marius to let him know. Malou wanted another wording in the description of the reason for the change, but she needs a response from Dalia before it is uploaded. The new wording is in line with my first suggestion to you.

Best wishes
Anneli

Dear Anneli,

I hope this mail finds you well. I was wondering if we signed and uploaded the documents?

Many thanks,
Pinar
