Dear Umut,

I understand that you agreed on a time-slot for meeting with the consultant. And I understand that you plan to have your union representative present at that meeting.

I would like to ask that you consider taking the meeting with the consultant by your own. I met her last week, and she explained to me that her experience is that it is much more difficult to establish an open and trustful conversation with a third party in the room. It is important to know that she does not represent the employer, but that she is tasked to give a neutral account.

Obviously, I am not in a position to tell you what to do when it comes to this meeting.

Best wishes,
