Dear Umut,

We have now briefed the contracted external consultant Margaretha Brundin. Next step in the process is interviews with all parts. As you have understood this is not about identifying criminals or assigning punishments. We need to find out what happened and Margaretha will help us to acquire sufficient information and knowledge about the situation.

Regarding the request in handling this with no further delay Margaretha will be able to meet up with you for an individual meeting at 17th of April at 13:00-15:00. Room: 209 at the Faculty Office, Sandgatan 3.

Best regards
Andréa
